## Objectives and Organization

---

### Objectives

It is our great pleasure to welcome you to the Workshop 'Rapid Next-Generation-Sequencing for Clinical & Public Health Microbiology' in Münster. Next-Generation-Sequencing (NGS) technology has developed rapidly during the last years. Innovative benchtop NGS platforms broaden application opportunities, especially for diagnostic use and surveillance. The program highlights opportunities and challenges posed by this technology. The workshop has been designed to boost practical knowledge exchange as well as ample discussions with your colleagues from all over Europe.

### Participation fees

No participation fees will be charged for members of SeqNet.org, ESGEM, EU PathoNGenTrace, EuroSafety Health-Net, WDMI or DGHM Division of Population Genetics & Infectious Disease Epidemiology. However, a service charge of 99 € for beverages will be claimed from every participant. - Given the international scope of the initiative and the limited laboratory capacity available, the meeting organizers strive to select qualified participants from as many different European countries as possible. Only two participants from each organization are eligible. The Workshop language will be English.

### Organization

Dr. **Dag Harmsen**, Dr. **Alexander Mellmann** (Medical Faculty, University Münster), Dr. **Stefan Albaum** (CeBiTec, Bielefeld University) & Dr. **Alexander Friedrich** (Medical Microbiology, University Groningen) on behalf of the Society for Medical Microbial Genomics (SMMG).

### Workshop Tutors

Dr. Karola Prior and Anja Schultes (Periodontology, University Münster)

Dr. Stefan Bletz and Thomas Böking (Institute Hygiene, University Münster)

Dr. John Rossen (Medical Microbiology, University Groningen)

### Venue: Department Periodontology, University Münster

Waldeyerstr. 30, 48149 Münster

Germany

## Münster Agenda & Transportation and Accommodation

---

**Workshop: Wednesday - Friday, 12<sup>th</sup> – 14<sup>th</sup> March 2014** (max. 28 participants)

### **Wednesday**

**09.00 – 17.00 Illumina MiSeq Microbial Whole Genome Shotgun (WGS) Next Generation Sequencing (NGS) Wet Laboratory**

### **Tuesday**

**09.00 – 17.00 Scientific Talks**

Already confirmed speakers are: Dag Harmsen, Ulrich Dobrindt and Alexander Mellmann (Univ. Münster, Germany), Stefan Niemann (FZB Borstel, Germany), Stefan Albaum (Bielefeld Univ., Germany), Alex Friedrich and John Rossen (Univ. Groningen, Netherlands), Rob Willems (Univ. Utrecht, Netherlands).

Further invited but not yet confirmed speakers are: Ulrich Nübel (RKI Wernigerode, Germany).

***Tuesday, 13<sup>th</sup> March 2014 'Social Event'***

***19.00 – 23.00 Evening Dinner in a typical Westphalian Cottage*** (max. 40 participants)

[Mühlenhof-Freilichtmuseum Münster](#) (no fees).

### **Friday**

**09.00 – 14.00 Computer Class NGS WGS Data Analysis**

---

### General Information

Münster is a convention city in the German federal state of North Rhine-Westphalia with European tradition - envoys from Austria, France, Sweden, the Netherlands and Germany gathered there as early as 1648. In Münster City Hall they officially sealed the end of the Thirty Years War with the Treaty of Westphalia.

Historical gabled buildings, baroque treasures, lots of green spaces and delightful surroundings all conspire to make visitors to Münster loath to say farewell. - 200 years of University history, bikes, and a pulsating student community lend one of the largest German University Cities charm and character.

### How to get to Münster

#### 1.) By plane

Nearest airports:

**Münster/Osnabrück** (IATA code: FMO) Airport is approx. 35 min by bus (line 51)

**Düsseldorf** (IATA code: DUS) Airport is approx. 1.5 h by train (very convenient!)

**Hannover** (IATA code: HAJ) Airport is approx. 2 h by train

#### 2.) By train

Münster is easy to reach by train via high-speed Inter-City Express trains. Choose Münster Central Station ("Hauptbahnhof") as your destination (<http://www.bahn.de/i/view/USA/en/index.shtml>).

#### 3.) By car

Münster is situated in the North-West of Germany. It is located directly at the A1 and A43 Autobahn.

### Accommodation

#### Hotel Mövenpick

Kardinal-von Galen-Ring 65 48149 Münster, Germany

**Booking code: MM046A**

WWW: <http://www.moevenpick-hotels.com/en/europe/germany/muenster/hotel-muenster/overview/>

#### Hotel am Schlosspark

Schmale Strasse 2-4 48149 Münster, Germany

**Booking code: University Münster**

WWW: <http://www.hotel-am-schlosspark-muenster.de/>

### If you arrived in Münster, how do you find the Department of Periodontology?

#### By bus/taxi

The Department of Periodontology (named 'Zahnklinik' on the following map) is located in the Waldeyer Street 30, 48149 Münster.

*From the Central Station:* Busses leave every 10 min at the Central Station, i.e., line 11 (track C1), line 12 or 14 (both track B1). Suitable bus stops are "Hüfferstiftung", "Jungeblodtplatz", and "Domagkstraße" (takes about 12 min drive). A travel with a taxi from the Central Station takes about 10 min and costs about 10 €.

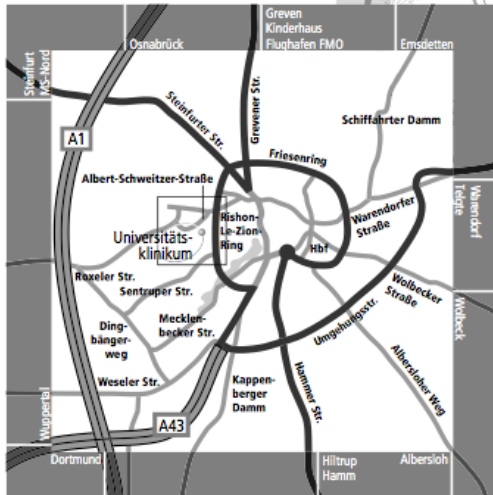

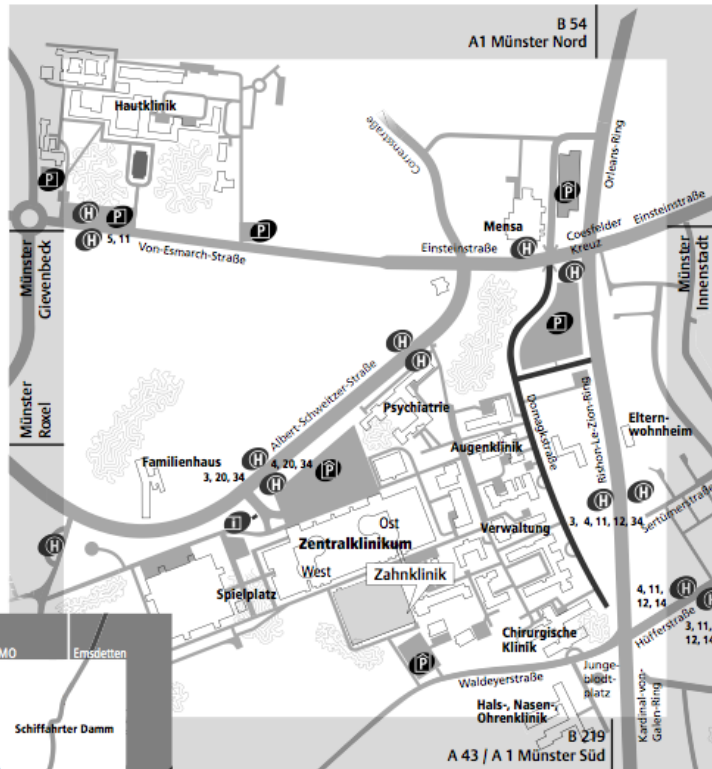

*From Mövenpick and Schlosspark Hotel:* about 5 min by walking.

## So erreichen Sie uns

### Poliklinik für Parodontologie

Waldeyerstraße 30  
48149 Münster

Information:  
(02 51) 83 - 4 70 01 / - 4 70 02

**Parkhaus Zentralklinikum:**  
Durchgehend geöffnet. Gebührenpflichtig Montag bis Samstag von 6.00 bis 18.00 Uhr, Einzelparkscheine 2,- Euro, 10er-Karte 16,- Euro

**Parkhaus Waldeyerstraße:**
